To whom it may concern,

I am writing to support Joshua Sucherman for a teaching position in your school district. It is my great honor and privilege to do so.

Joshua is clearly an outstanding professional, mentor and colleague, but I believe he should be viewed first as an outstanding Art teacher. His ability to connect his talents of teaching with staff and students are truly superior. In his recent capacity as an art teacher and team leader, he has shown the most visible proponents of a positive culture and climate at Lemasters Elementary as well as in the entire Riverview Gardens School District.

In his recent role, he leads by being one of the finest examples of a true educational professional. Joshua always demonstrates a high level of professionalism and seeks out professional development to further his knowledge and expertise in teaching. He has served as an extraordinary role model to professionals in education, as well as an inspiration to the development of staff at the beginning of their careers. Joshua is dedicated to the widespread growth of the profession. He generously gives his time to mentor and coach his colleagues when asked. He has visited numerous class rooms to stimulate the minds of teachers and students in order to assist in improving instructional delivery and academic performance.

Finally, I must commend Joshua Sucherman as a colleague. As a school administrator, I too have been supported by Mr. Sucherman. As a member of the school's leadership team, he can always be depended on to be honest, trustworthy and knowledgeable of the day to day operations of a school building.

It is without hesitation that I recommend Mr. Joshua Sucherman for a position in your school.

Travis L. Brown Jr.

Respectfully

Principal
